

TREE PROTECTION

MODU-LOC
FENCE RENTALS

ANYTIME. ANYWHERE.

Modu-Loc fence systems are the preferred solution to protect valuable trees in your municipality.

COMPLETE PROTECTION – surface mount bases require no ground penetration, reducing the risk of root damage

VISUALLY APPEALING – more attractive than traditional plywood hoarding or orange snow fence

REDUCED MAINTENANCE COSTS – easily moved to allow for grounds maintenance such as mowing and snow removal

ENVIRONMENTALLY CONSCIOUS – reusable panels result in less waste

16 locations throughout Canada providing nationwide service
